

Family Prayer Chart

The following pages are to be printed on cardstock. Cut the strips apart so that they will fit in a small daily schedule pocket chart (sometimes found in Target's dollar bins) as pictured on the right. The next page contains each prayer category, and the remaining pages contain various prayer prompts that fit within the prayer categories. Our family uses this chart in conjunction with Lisa Whelchel's *Busy Mom's Guide to Prayer*, which contains sample prayers and scripture references that correlate to each topic.
