Show Me Tell Me
U.S. Geography File Folder Game
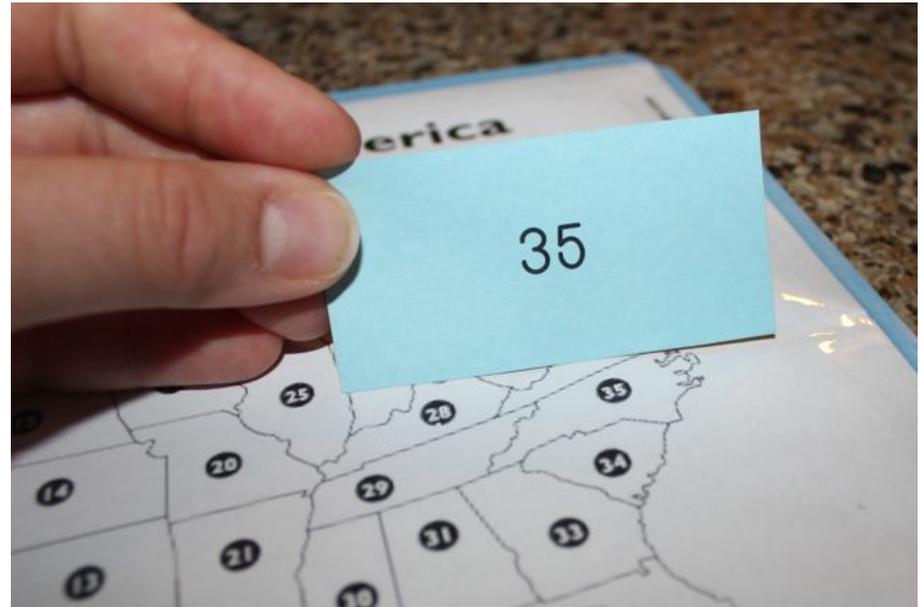

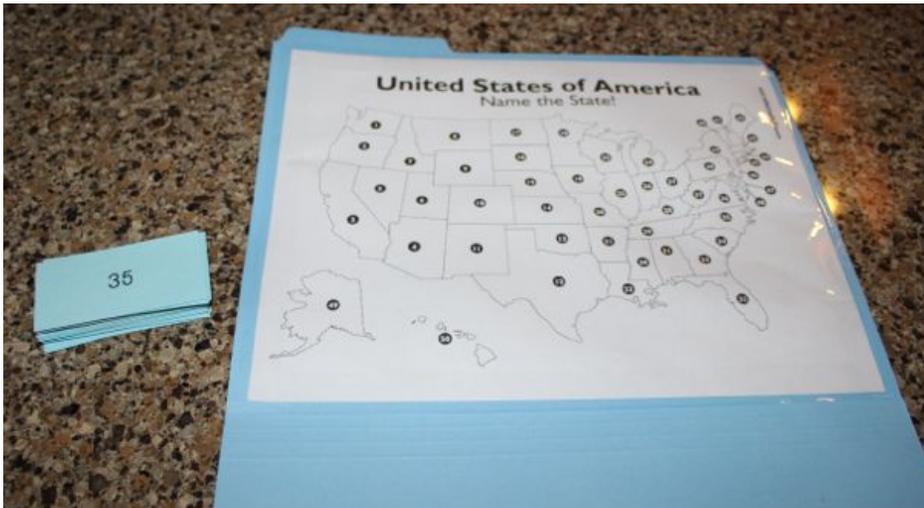

Preparation: Attach map to one side of file folder with tape or glue. Attach these instructions to the outside of the folder.

Printing: Starting with Page G-1, print cards front-and-back with even pages on reverse side of odd pages. Cut apart cards.

Two game options:

Show me. With state/capital side up, player draws a card and tries to find that location on the map. Flip the card over to verify that it's the correct answer.

Tell me. With number side up, player draws a card and locates the number on the map. Student says the state and capital for that location. Flip the card over to verify that it's the correct answer.

If player is correct, they keep the card. Player with most number of cards at the end of game play is the winner.
